

Mirrored in His pupils...

**"In the face of so many wounds that hurt us
and could lead to a hardness of heart,
we are called to dive into the sea of prayer,
which is the sea of the boundless love of God,
in order to experience His tenderness." - Pope Francis**

**"Those who love and see each other feel irresistibly
attracted to each other; they cannot bear to be separated.
This, we may believe, was one of the reasons
why Jesus invented the Eucharist.**

**He wanted to shorten the distance;
to look on us, not alone from far-off heaven, but from near by,
so near that, if the sacramental veils of the Mystery were rent,
we should be able to hear His throbbing Heart
and see ourselves mirrored in the pupils of His eyes"**
