

Our actions are telling...

"May my life be a continual prayer, a long act of love."

- St Elizabeth of the Trinity

**"Love draws its object into itself;
we draw Jesus into ourselves; Jesus draws us into Himself.
Then carried above ourselves into love's interior,
seeking God, we go to meet Him to meet His Spirit, which is His love,
and this love burns us, consumes us, and draws us into unity
where beatitude awaits us. **Jesus meant this when He said:
'With great desire have I desired to eat this Pasch with you.'**"**
