

My heart, a resting place...

truthhimself.blogspot.com/2018/10/my-heart-resting-place.html

"I am a child of God through Baptism and my resemblance to Him has grown stronger through Holy Communion. May I never forget my last Communion and may my heart yearn for the next one." - Mother Angelica

"Heavenly Father, when Your priest holds up the host and says "the Body of Christ" let my soul bow in humble adoration before the love and humility of Jesus.

Let my heart be a pure resting place for Your Son.

I desire, dear Father, that the image of Jesus grow brighter in my soul after every Communion. At that tremendous moment God and I are one."
